

Skejser aktivering af armbånd

Når man har oprettet en bruger og indbetalt penge kan det ske at der allerede er et armbånd på brugeren, som det ses nedenfor.

I det tilfælde skal man **ikke** trykke ”Tilføj Chip” men i stedet klikke på firkanten med brugernavnet:

The screenshot shows the 'Spejderne Wallet' interface. The user is logged in as 'Test User' and has a balance of 'Kr. 1,00'. A sidebar on the left contains navigation links: 'Hjem', 'Guides', 'FAQ', 'Familie', 'Indstillinger', and 'Log ud'. The main content area shows a 'Tilføj chip' button with a red 'X' over it, indicating it should not be used. Below this is a table of chips with columns for 'Chip', 'Chip nummer(MAKS 8 bogstaver og tal)', and 'Beløb'. The first row shows 'Test User' with chip number 'GSLK0IHX' and a balance of '0,00'. A blue arrow points to the 'Test User' name in this row. Below the chip list is a table of transactions under the heading 'Indbetal', with columns for 'Tidspunkt', 'Transaktions ID', and 'Beløb'. The first transaction is dated '21.07.2022 22:32' with ID 'd833ee0732e10b1e866e45e672334815' and a balance of '+1,00'. At the bottom, there is a section for 'Betaling' which is currently empty, showing 'Intet at vise'.

Chip	Chip nummer(MAKS 8 bogstaver og tal)	Beløb
Test User	GSLK0IHX	0,00

Tidspunkt	Transaktions ID	Beløb
21.07.2022 22:32	d833ee0732e10b1e866e45e672334815	+1,00

Tryk derefter på den blå "Activate" knap:

The screenshot shows the Spejderne Wallet app interface. A modal dialog is displayed in the center, containing the following information:

This armband is virtual and cannot be used for payments

Navn	Test User
Bruger	Test User
Start dato	
PIN	7728
Balance	0,00

At the bottom of the modal are two buttons: "Activate" (blue) and "Spær chip" (red). A blue arrow points from the text above to the "Activate" button.

The background interface shows a sidebar with navigation options: Hjem, Guides, FAQ, Familie, Indstillinger, and Log ud. The main content area displays a summary for "Test User" with card number "GSLK0IHX" and balance "0,00". Below this, there is a section for "Indbetal" (Credits) with a table:

Tidspunkt	Transaktions ID	Beløb
21.07.2022 22:32	d833ee0732e10b1e866e45e672334815	+1,00

Below the credits section is a section for "Betaling" (Payments) with a button labeled "Intet at vise".

Nu kan man indtaste "nummeret" bag på armbåndet (kun de sidste 8 karakterer)

The screenshot shows the 'Spejderne Wallet' web application. A modal window titled 'Activate Armbånd' is open, containing the following fields and buttons:

- Close button (X)
- Cancel button (Indtilbage)
- Section: **Activate Armbånd**
- Label: Chip nummer(MAKS 8 bogstaver og tal)
- Input field for chip number
- Label: Start dato
- Input field for start date (format: DD-MM-YYYY)
- Save button (Gem)

The background shows a user profile for 'Test User' with a balance of 0,00 and an 'Indbetal' button. Below this is a table of transactions:

Indbetal		
Tidspunkt	Transaktions ID	Beløb
21.07.2022 22:32	d833ee0732e10b1e866e45e672334815	+1,00

Below the table is a section for 'Betalinger' with a button 'Intet at vise'.
